

# national summer briefing for school leaders and education representatives

headspace, in partnership with National Emergency Management Agency (NEMA) and the Bureau of Meteorology (BoM), invites school leaders to a national webinar on preparing and supporting school communities for the summer season. Learn how to strengthen preparedness and build resilience for the challenges and opportunities summer may bring.

## participants will gain practical insights into:

- Seasonal outlooks and emerging summer hazards
- Supporting wellbeing during disruption and emergencies
- Expert perspectives on emergency management and youth mental health
- Strengthening school preparedness, communication and resilience
- Practical resources, support pathways and summer readiness actions
- Emerging challenges and opportunities for school communities
- Actions to help schools prepare, respond and recover.

## who should attend

- School Leaders
- Education Sector Representatives (overseeing natural disaster responses)

## when

Wednesday 4 November 2026  
1pm – 2:30pm AEDT

## where

Online via Microsoft Teams

## register to attend
